

# TOM BROCKINGTON

## JUNIOR FULLSTACK DEVELOPER

📞 07541576148

@ tom@webdesignsbytom.com

📍 Tavistock

🌐 [www.webdesignsbytom.com](http://www.webdesignsbytom.com)

## PROFILE

Design and engineering has always been a passion of mine. Im happy to extend my inventively to any field. Hence, I own a small syrup making company. I also make art and furniture that sells online, this is great because I make it for a hobby and then sell it online.

I enjoy working and now that im a software developer im starting many more projects for my interesting ideas.

Im fun to be around and often know as the relaxed one of the group.

Im eager to work with highly skilled people, so I can learn as much as quickly as possible.

## EXPERIENCE

### Wervings Syrups

#### Company Name

📅 2019 📍 Tavistock

Sugar syrup for cocktails and coffee

- I created a company and brand of naturally made sugar syrups for cocktails and coffee. Now sold in bulk to liquor and flavour businesses.

### Web Developer

#### webdesignsbytom

📅 Ongoing 📍 Online

Web development

- Freelance Full-Stack web developer with many happy customers. Currently, I am working on small projects for local business and online freelance work.

### Quality Engineer

#### Antex Electronics

📅 2014 - 2019 📍 Plymouth

Heating Element designers

- I was in charge of designing and testing all circuits and keeping the paperwork in order. Communicating with the Chinese engineers and creating technical documents for products.

## PROJECTS

### Idle Clicker Game

📅 2023 📍 UK

Phone first idle game

- A game to use State and data skills. Array sorting. Inventory and various common components all built into one

### Matched Betting Website

📅 2018 - Ongoing 📍 Online

Betting business I started

- Designing a web based betting simulator, so users can learn the formulas to make guaranteed profit using matched betting systems. The goal is to have the site sponsored by bookies. I used to have a syndicate where i bet for people using this system. Managing hundreds of bets over many accounts. I made a website to compliment this project.
